Advisor of the Year Program

The SkillsUSA Advisor of the Year program recognizes Professional members who actualize the organization's mission of empowering students to become world-class workers, leaders, and responsible American citizens. A SkillsUSA chapter is only successful with the support of an Advisor who has dedicated themselves to career and technical education by intentionally integrating the SkillsUSA Framework and ensuring students can articulate the skills they have developed. The winning recipient is announced and awarded during the awards ceremony at SLSC. The winner will then advance to the regional competition. The top five regional winners are interviewed during the national conference, and a national Advisor of the Year is selected.

Eligibility Requirements for consideration:

- Must be a paid, Professional member in the current school year.
- Chapter must achieve a minimum of Level 2 within the SkillsUSA Chapter Excellence Program during the current school year.
- Submissions must be received by **February 28, 2025**.

Learn more please visit <https://www.skillsusa.org/programs/awards-programs/>. **The award application can be found in the membership system.**

Chapter Excellence Program

CEP recognizes achievement as it relates to the integration of the SkillsUSA Framework in chapter program of work activities. As a chapter's yearly action plan, the program of work is at the heart of student learning and employability development. By using the Framework as a guide, chapters have a blueprint for creating relevant activities that encourage participation and foster an understanding of student learning attained during each activity. The Framework's focus on intentional learning turns the program of work into more than just a planning tool. Using the Framework, the program of work becomes the vital conduit that links students to the application of personal, workplace and technical skills demanded by industry. The SkillsUSA trifecta for student success!

More information and the application can be found here:

<https://www.skillsusa.org/programs/chapter-building/chapter-excellence-program-cep/>

CEP submission state deadline is **February 28, 2025**. CEP Chapters will be recognized at SLSC during a general session. **The award application can be found in the membership system.**

Advisor Reminders

As leaders and teachers of young professionals, it is important that we prepare our students for this upcoming event. The following information will help you to plan for the State Leadership & Skills Conference (SLSC) and prepare your students with valuable information about the conference.

Advisor Statement of Assurance/Code of Conduct

SkillsUSA Oregon has established a specific participant Conduct Code, which can be found at the end of this packet. Please review it carefully with your students prior to the conference.

Additional Conduct Code forms can be found on the SkillsUSA Oregon website on the State Leadership & Skills Conference webpage. Each student must sign a Conduct Code form, found at the end of this packet, agreeing they will abide by the rules of the conference. Advisors will keep the Conduct Code forms on their person during the conference. Advisor Assurance is agreed upon during the online registration system.

Onsite Chaperoning

Chapter advisors are responsible for the conduct of their chapter members. Please have your chapter members check in with you regularly and be aware of their whereabouts at all times. Your students should also be aware of your whereabouts (or chapter chaperone) should they have any issues. Have your students work together to remind each other of the times and locations for their events and activities. When you are busy assisting with an activity, make sure you let your students know where your assignment will be.

Remind students to thank the event staff, judges, and volunteers. They appreciate knowing their hard work has benefited the students. If you plan to use parent chaperones, encourage your officers to plan a special way to thank them at the conference or upon returning home.

Visibility

Drop in and check on your students. Performing a "head count" at curfew time is vital. Be sure to physically see every student at curfew. Ask questions about events and have a conversation with them so you can see how things are going.

Publicity

Your chapter and SkillsUSA Oregon, in general, welcome positive publicity. Use participation at SLSC to generate some positive publicity. It is always nice for the public to know you have participated before you have to earn dollars for the national competition.

Attendees Needing Accommodations

If you contact us prior to the conference, we can make the conference and competition as barrier free as possible. Please inform us about people with special needs and/or any accommodations that may be needed during the online registration process. Please notify hotels of needed accommodations when making reservations.

 - Incorporate both technical skills and soft skills like teamwork, problem-solving, and time management.
 - Schedule regular practice sessions and mock competitions.

 - Discuss these examples with students to inspire and guide their preparation.
- Encourage Professionalism and Teamwork:
 - Train students on professional conduct, communication skills, and teamwork.
 - Encourage them to support each other and work collaboratively.
- Logistical Preparations:

- Post-Competition Debrief:
 - Plan for a post-competition debrief to discuss what went well and what could be improved.
 - Use this as a learning experience for future competitions.

Remember, the goal of SkillsUSA competitions is not just to win but also to provide a valuable learning experience for students, helping them to develop their skills and prepare for future careers in their chosen trades.
